Mr. Stan Kesselman

Dear Stan:

From the shipment of the 3rd I have enclosed our check in full payment for the \$2.50 1848-C; 1892; and the \$5 1871-S for a total of 315.00. I am interested in the \$5 1848-D and 1856-D but both of these coins appear to have been worked on in some fashion; anyway I would pay 325.00 for the pair. The other three coins from this invoice, the two \$10's and the \$20, are enclosed herewith. Let me know on the pair of D mint \$5's.

On the package that just arrived this morning, I don't need the 1879-O \$10 and the 1865 \$2.50 is only an AU coin, so if you have a more realistic price on the \$2.50 please let me know. The 1870-S \$10 and the 1869 are overpriced and I would pay 425.00 for the pair, so I will hold these two coins for your reply. I have enclosed the \$2.50 of 1865 and 1879-O \$10.

From the list of coins that you have offered to you kindly send me the following:

\$2.50 - 1839-C Unc.; 1860-C XF; 1856-C XF  
\$10 - 1839 sm. letters XF+; 1866 XF; 1876 XF  
\$5 - 1860-S AU; 1862-S VF+

Dear Stan,

In checking over the correspondence that piled up while I was away, I note your letter of the 11th, and the only item that I would like to purchase at this time would be the BU 1921 twenty dollar gold piece, assuming, of course, if it is genuine. Kindly get hold of the coin and send it to me, or if you have a price in mind, advise first.

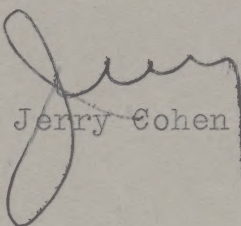

My number one buyer is a little miffed at me because I couldn't deliver the 1863 quarter eagle that was promised to him, so it's going to take a while now to get him back under the folds. Collectors are a funny breed, as you know.

As soon as things cool off and he calms down, I'll get a revised list in the mail to you.

What have you in foreign material, crowns of gold(foreign), or foreign proof sets, in cases, that are for sale?

Look forward to hearing from you.

Kindest Regards,

  
Jerry Cohen

Dear Stan:

As soon as I can I will send you a complete list of the gold that I need, but at the moment if you can supply any of these CC \$20's in XF or better condition please send them along: 1871; 1872; 1878. Advise also of any CC \$5's that you have available in AU and Unc.

From your letter of August 27th listing the \$2.50, \$5 and \$10's, I have a "number" of these pieces available..not too many..Would you like me to send what I can on approval to you? For example, I have a choice 1799 \$5 just a shade from Unc. This is as scarce, I think, as any early \$5. Please advise.

You can make trade — I have a shirt for  
a fairly inexpensive 1736/55... He'll go for  
a less expensive piece. Based on the most  
auction records —

I paid a stake off \$3400 for the 300  
\$200... would be sweeping dust even at

then price. Keep trying

Dear Stan.

Just one of those things... sure did miss out on that 1885 D.C.  
but as at all conventions just can't be in two places at same  
time - didn't think it would sell on floor -

The final proof reading of catalog was completed yesterday -  
and we expect it to be MAILED a week from today - if for any  
reason you need any extra copies to give your clients call  
Hans - or stop in his office for same.

Do you have a 1908 NM \$10 unc - send

Also quote on these D.C. UNC

1908 DM	14	30-S(2)

09	20-S (2)	317 "
10-S	21-121	32 "
11-S	24-D

Nothing exciting in early  
low mintage 2 1/2's. will let  
you know - I own a lovely  
46-C 2 1/2 10 (I think) - a scarce  
piece - want to see it!

Dear Stan

Reaction to the catalog has been great - even  
the feedback that has come in indicate a good sale - I  
think our timing is right again - now let's see -  
can't produce any of the pieces you want in BU -  
none around our fair city - ask for common stuff!  
- Not certain if I'll fly in for the sale - we're short-handed  
as my secretary passed away a week ago and we  
need a good replacement - always  
problems See you Jerry

Don Stein —

The reason I asked about the source etc. of the 1737 2s was because when I checked these out to photograph them (Mull's 2 1/2 etc) I noticed that this coin has solder spots on the edge — the tell tale gray — which sale was it in... I'd like to quote — obviously Mull was getting a buy on this piece? Our buddy in Texas mentioned the edge, I didn't recall his comments — and when I categorized these in the last sale I completely overlooked this "damage" — How was Lester's sale?

Dear Stan:

We can now come up from under — god what pressure this past month has been — but it's over — copy is now at the printer — it's an amazing sale but a strange one if you know what I mean — in many many instances there are two choices... 2 1808 2 $\frac{1}{2}$ 's ... 2 1794 \$1's ... 2 1796 2 $\frac{1}{4}$ 's no stars ... so many nice pieces .. what you need .. you'll find in this sale — (I think) — the 3's are offered singly .. including the 1875 for Milt to grab off —

We've got 2 shows coming up here — one this weekend in Long Beach — then one in the States week after — so anything in particular I can search out for you ?? Give my best to Milt — I miss his smiling face —
